

TIES Uniform Policy:

The purpose of having a uniform policy at TIES is multifaceted. First, our goal is to encourage modest, Islamic-oriented dress. Second, it helps us unify our school community. Third, it trains students in the responsibility of preparing themselves for school (or employment in the future). Finally, it helps parents simplify the hectic morning routine. We think it's important for students to have some choice in what they can wear, so we have provided some options that they can choose from outlined below:
